4 Research

4.1 Main areas of research

In the **last 10 years**, I have mainly worked in the following areas of research:

- **Forest and environmental governance:** international and European forest and environmental policy (including biodiversity, climate change and energy policy), domestic forest and environmental policy in different countries (particularly different European countries and North America), forest and environmental policy conflicts, policy change; policies at the nexus between markets/trade and environmental issues (e.g. illegal logging)
- **Socio-ecological systems related to forests:** interdisciplinary research related to forest management, forest management paradigms and resilience, biodiversity conservation and climate change adaptation, local/traditional ecological and forest related knowledge, landscape stewardship
- **Analysis of European policies and policy processes:** Europeanization, policy integration
- **Policy Analysis Frameworks:** Discourse Analysis including Discursive Agency Approach, Cultural Theory, Advocacy Coalitions, Multiple Stream Framework, Interpretive Policy Analysis, political strategies, policy change
- **Science-policy-interactions:** role of science and scientists in forest and environmental policy conflicts

4.2 List of on-going and successfully completed projects/research funding

Winkel, G.

- with 27 research institutions and other partners in Europe and China (2019-2023): Clearing House (**Collaborative Learning in Research, Information-sharing and Governance on How Urban tree-based solutions support Sino-European urban futures**). Funded by the European Commission (H2020) (own role: coordinator, consortium leader, lead author of the application: **7,730,493.75 Euro; 969,062.5 Euro for EFI**)¹
- with Buck, A. and Prior, L. (2018-2021): Global student networking and green jobs in the forest sector. A Joint EFI-IFSA-IUFRO Capacity Development Project. Funded by the German Federal Ministry of Food and Agriculture (own role: principal investigator, lead author of research application: **465,340 Euro**)
- with 22 research institutions and other partners in Europe, Russia and Peru (2018-2021): **SINCERE (Spurring INnovations for Forest ECosystem SERVICES in Europe)**. Funded by the European Commission (H2020) (own role: coordinator, consortium leader, lead author of the application: **4,245,719 Euro; 1,031,662.5 Euro for EFI**)²
- with Lindner, M. and Schuck, A. (2017-2020): **SURE (SUstaining and Enhancing REsilience of European Forests)**. Funded by the German Federal Ministry of Food and Agriculture (own role: contributing lead author of research application: **697,720 Euro**)
- (2017-2020): **InForMAr (Integrated Forest Management Learning Architecture)**. Funded by the German Federal Ministry of Food and Agriculture (own role: principal investigator, lead author of research application: **1,063,653 Euro**)

¹ Approved, grant negotiations ongoing.

² Contribution for EFI pending currently ongoing grant amendment process.

- (2017-2018): **Governmental grant by Norway** for the conduction of an international conference and exchange activities relating to forest risks (own role: responsible researcher: **ca 23,000 Euro**).
- (2017-2018): **FuGo (New frontiers in global forest Governance – from lessons learnt to Future options)**. Funded by the German Federal Ministry of Food and Agriculture (own role: principal investigator, lead author of research application: **133,022 Euro**).
- with Widmark, C., and ca. 10 more international partners (2017-2019): **PolyFores (Decision-making Support for FES in Europe - Value Assessment, Synergy Effects and Trade-offs)**. Funded under the SumForest ERA Network by national research funding agencies (own role: Subcontracted partner for policy learning work package: **ca. 70,000 Euro**)
- with Hampke, A., and ca. 20 more international partners (2017-2019): **Sponforest (Unraveling the potential of Spontaneous Forest Establishment for improving ecosystem functions and services in dynamic landscapes)**. Funded under Biodiversa ERA Network by national research funding agencies, EFI project funded by the German Research Foundation (own role: principal investigator, leader of the social science work package: **ca. 250,000 Euro**).
- with Hetemäki, L., and several other professors/senior researchers at Finnish universities and research institutes (2015-2020): **FORBIO (Sustainable, climate-neutral and resource-efficient forest-based bioeconomy)**. Academy of Finland (own role: scientific coordinator work package on policies and market outlook: **ca. 500,000 Euro**).³
- with Schraml, U. and 12 other professors/senior researchers at the University of Freiburg (2016-2020): **ConFoBi (Conservation of Forest Biodiversity in Multiple-use Landscapes of Central Europe)**. Research Graduate School. German Research Foundation (own role: associated principal investigator, financial volume (only own PhD researchers jointly supervised with U. Schraml): **ca. 250,000 Euro**).
- (2015-2017): **Natural Resources, Markets, Policies and the Environment**. Research Grant by the Eva-Mayr-Stihl Foundation earmarked for the publication of a book or special issue of a high impact journal on the above mentioned topic (grant for travel costs of an author workshop, own role: editor of the book/S.I., financial volume: **11,850 Euro**).
- (2015-2016): **Travel Cost Grant** related to empirical research on energy policy & protest movements in Germany and the Kosovo. Eva-Mayr-Stihl Foundation (own role: supervisor of the research; financial volume: **6,025 Euro**).
- with Sotirov, M., Kleinschmit, D. and 31 other partners in 25 European countries (2015-2018): **Diabolo: Distributed, integrated and harmonized forest information for bioeconomy outlooks**. Horizon 2020 research project (own role: principal investigator (together with Kleinschmit, D.) of WP 1: policy analysis; financial volume (only Freiburg team): **277,774 Euro**).
- with Ruppert-Winkel, C. (2014-2017): **Public Participation and the German “Energy Turn Policy”. Analyzing case studies related to grid expansion and the construction of renewable energy facilities**. PhD scholarship within the post graduate program “Decentralized sustainable energy systems”; Baden-Wuerttemberg Ministry of Science, Research and Art (own role: principal investigator; financial volume: **ca. 85,000 Euro**)
- as lead author of a joint research application of the University of Freiburg and University of Applied Sciences Rottenburg (2014-2017): **Reallabor Nordschwarzwald (ReNo). The National Park “Black Forest” as a catalyst of rural sustainable development**.

³ I have not written the research application for FORBIO, but became involved in the project once it was approved.

- Baden-Wuerttemberg Ministry of Science, Research and Art (own role: lead author; financial volume **1,040,000 Euro**).
- (2014): **Understanding the governance of natural commodity markets**. German Academic Exchange Service, scientific exchange grant with Spain (own role: principal investigator; financial volume: **7,000 Euro**).
 - (2013-2016): **Analyzing the implementation of biodiversity conservation in public forests**. Environmental Research Plan, German Federal Government (own role: principal investigator, sole author of the research application; financial volume: **368,501 Euro**).
 - (2012-2015): **Discursive Fragmentation of the International Forest Regime Complex**: Towards a better understanding of multi-level forest policy discourses. DFG (German Research Foundation), research funds (own role: principal investigator, sole author of the research application; financial volume: **344,450 Euro**).
 - (2010): **Understanding Forest Policy Change through Discourse**. A comparative analysis of U.S. and German public forest land policy. DFG (German Research Foundation), research grant (10 months) at the Department of Environmental Science, Policy, and Management, University of California at Berkeley (own role: research scholar, sole author of the research application; financial volume: ca. **46,000 Euro**).
 - (2010): **Expert Workshop on the German National Biodiversity Strategy and Public Forests** (funding to co-organize a policy stakeholder and expert workshop with the German Federal Agency for Nature Conservation, the International Academy for Nature Conservation and the Institute of Forest and Environmental Policy, University of Freiburg). Funded by the German Federal Agency for Nature Conservation (own role: principal investigator, sole author of the research application; financial volume: **4,500 Euro**).
 - as coordinator with 7 other international partners (2010-2013): **BeFoFu – European Beech Forests for the Future. Ecological, Economic, and Policy Analysis of Beech Forest Conservation under the Natura 2000 Network**. Funded under Biodiversa ERA Network (7 EU Framework Programme) by national research funding agencies of Austria, France, Germany, The Netherlands and UK (own role: general coordinator of the consortium & leader of working group 2: “governance” and 3: “synthesis”, lead author of the research application; financial volume: **1,394,721 Euro (total), 304,293 Euro (own group)**).
 - with Schraml, U. (2009-2010): **A Scientific Synopsis of Nature Conservation Objectives and Strategies for the Forests in Baden-Wuerttemberg**. Ministry for Rural Areas Baden-Wuerttemberg (own role: scientific coordination; financial volume: ca. **21,000 Euro**).
 - with Ecologic Institute (2008-2009): **Implementation of the EU Forest Action Plan: How to Protect Europe’s Forests against Harmful Impacts?** Competitive tender, European Commission (own role: general coordinator & leader of the Freiburg team; financial volume: **114,551 Euro**).
 - with Schraml, U. (2008-2009): **Trends and Decisions in Global Forest Policy and their Impact on Baden-Wuerttemberg’s Forest Policy**. Ministry for Rural Areas Baden-Wuerttemberg (own role: scientific coordination; lead author of the research application; financial volume: **19,845 Euro**).
 - with Konold, W., Institute for Landscape Management (2008-2012): **Forest Conservation Policy and Climate Change**. Environmental Research Plan, German Federal Government (own role: project leader, lead author of the research application; financial volume: **256,289 Euro**).
 - (2006-2009): **Global Forest Biodiversity Protection under the CBD**. Environmental Research Plan, German Federal Government (own role: project leader, sole author of the research application; financial volume: **377,224 Euro**).

- with Volz, K.-R. (2003-2005): **Participation in the Planning of Flood Protection in the Rhine-River Basin.** A comparative analysis of the importance of participation as an instrument of conflict resolution in flood protection policy. Project fund within the FOWARA-consortium; European Regional Development Fund Intereg 3 NW-Europe. (own role: co-author of the research proposal, not involved in the project anymore after the initial stage; financial volume: **95,358 Euro** (only our group)).
- with Volz, K.-R. & Konold, W. (2002-2005): **Best Practice in German Forestry II.** Elements of a nature protection strategy for the forests. Environmental Research Plan, German Federal Government (own role: researcher, lead author of the research application; financial volume: ca. **139,000 Euro** (only our group)).
- with Volz, K.-R. (2001-2004): **National and International Flood Prevention Policy at the River Rhine.** A multi-level policy analysis. DFG (German Science Foundation) research fund (own role: sole author of the research application; not involved in the project anymore after the initial stage; financial volume: **84,400 Euro**).
- with Volz, K.-R. (2002): **Chances and Risks of an Organizational Reform of the Forest Service of Thuringia.** Thuringia Ministry for Agriculture, Nature Conservation, and the Environment (own role: researcher; financial volume: ca. **20.000 Euro**).
- with Volz, K.-R. (2001): **Best Practice in German Forest Management I.** Environmental research plan, German Federal Government (own role: researcher; financial volume: ca. **70.000 Euro**).

5 Teaching

5.1 Courses taught

I Courses at the University of Freiburg

- Since 2006 Environmental Policy Analysis (in English). MSc Environmental Governance, Coordination of the course and teaching (own teaching: 3 SWS, 2 SWS since 2016⁴).
- 2014-2015 Ecosystem Management (in English). MSc Forest Sciences, MSc Environmental Governance, MSc Environmental Sciences, MSc Geography (own teaching 2 SWS⁴, this included a one week field trip into a National Park).
- 2014 Umweltpolitik (in German), (Environmental Policy). MSc Environmental Sciences (own teaching 3 SWS⁴, I have coordinated this course).
- 2012-2014 Internationale Politik und Märkte der Forstwirtschaft (in German), (International policies and markets – focusing on forests). BSc Forestry and Environment, BSc Environmental Sciences and BSc Geography (own teaching 1.5 SWS⁴, I have coordinated this course).
- 2006-2015 Graduate student colloquium (PhD & MSc students) at the Forest- and Environmental Policy Group, University of Freiburg (several contributions and supervision).
- 2006-2014 Naturschutzpolitik (in German) (Conservation Policy). BSc Forestry and Environment, BSc Environmental Sciences and BSc Geography (2 SWS⁴).
- 2014 Environmental Governance (in English). University College Freiburg (own teaching 0.5 SWS⁴).
- 2006-2010 Internationale Wald- und Umweltpolitik (in German). (International Forest and Environmental Policy), BSc Forestry and Environment and BSc Geography (1.5 SWS⁴), in addition coordination of the semester module Methoden und Institutionen der Waldnutzung (methods and institutions of forest management).
- 2007-2010 Projekt Naturschutzpolitik (in German) (Project Conservation Policy). BSc Forestry and Environment, BSc Environmental Sciences and BSc Geography (1 SWS⁴).
- 2006-2008 Environmental Conflict Analysis (in English). MSc Environmental Governance, (own teaching: 1.5 SWS⁴).
- 2002-2007 Internationale Forstpolitik (in German). (International Forest Policy) MSc Forest Sciences, teaching contributions (until 2004), coordination and teaching (2005-2007, own teaching 1 SWS⁴).
- 2005-2007 Forstpolitik in Transformationslaendern (in German). (Forest Policy in Countries with Economies in Transition), MSc Forest Sciences (own teaching 0.5 SWS⁴).
- 2002-2006 Nationale Forstpolitik (in German). (German Forest Policy). MSc Forest Sciences (own teaching 0.5 SWS⁴).
- 2002-2003 Internationale Klimapolitik (in German). (International Climate Policy). MSc Forest Sciences (own teaching 1 SWS⁴).

⁴ SWS: hours per week in semester

II Courses and Guest Lectures at other Universities

- 2017 European Forest and Environmental Governance. Theoretical concepts and empirical evidence. PhD course: State-of-the-art in International Forest Policy. **Swedish University of Agricultural Sciences**. Umea (September 2017).
- 2017 European Forest and Environmental Governance. International Forest Policy and Economics Seminar. **Goettingen University**. Goettingen (February 2017).
- 2016 Forest and Society. Theoretical perspectives on governance and policy making & European Forest Policy. 2 days lecture within the course International Forest Governance and Environmental Policy at the **University of Eastern Finland**, Joensuu (March/April 2016).
- 2015 European Forest Policy. 2h guest Lecture at the **University of Helsinki**, Helsinki.
- 2015 Can Climate Protection be Unsustainable? The complicated nexus of forest and climate policy (in English). Seminar: Trade-offs in Sustainability: Climate Change, livelihoods and forests. 1 h guest lecture at the **Ludwigs-Maximilians-Universitaet Munich**, Munich (this talk was delivered via Internet/Skype).
- 2014 Mindeststandards in der Forstwirtschaft (in German; Standards in forest management). **University of Applied Sciences Weihenstephan**. 1 h guest lecture (November 2014). Munich.
- 2012-2014 Forest Policy Analysis and International Forest Policy (in English). 3 days teaching (in English), Advanced Master Forest, Nature and Society. **École Nationale du Génie Rural des Eaux et des Forêts** (AgroParisTech-ENGREF), Nancy, France.
- 2011 Wie macht Nachhaltigkeit Politik? (in German; The politics of sustainability). 2 h guest lecture (in German). Course Kultur- und sozialwissenschaftliche Grundlagen der Nachhaltigkeit. **University of Basel**, Switzerland (December 2011).
- 2008 Global Environmental Policy (in English). 1 week course within the Module „Theories of Globalization“, **Facultad Latinoamericana de Ciencias Sociales (FLACSO)**, Buenos Aires (Latin American University of Social Sciences at Buenos Aires).

III Contributions to other courses

- since 2001 Diverse contributions to BSc and MSc courses at the University of Freiburg, e.g. Forstpolitik (Forest policy, in German, MSc Forest Sciences), Einführung in die Politikwissenschaft (Introduction into the Political Sciences, MSc Renewable Energy Management), Politikfeldanalyse (in German, policy analysis, MSc Forest Sciences), Social/policy science perspective on biodiversity conservation in managed forests (different MSc courses); Angewandte Umweltpolitik (in German, Applied Environmental Policy, MSc Forest Sciences), Forstwirtschaft in Suedwestdeutschland (in German, Forestry in South-Western Germany, MSc Forest Sciences), Forest Resources and Forest Management in France and Germany (German-French course taught in English, MSc Forest Sciences), DAAD Summerschool Forestry Markets and Society (English), Climate Policy (English, MSc Forest Ecology and Management), Climate and Energy Policy (English, MSc Renewable Energy Management), ESPRO & UMPRO (in German, first semester projects in the BSc Waldwirtschaft und Umwelt and MSc Environmental Sciences).

5.2 Supervision of PhD and MSc Theses

I PhD students and Post Doc supervisions at the University of Freiburg (since 2015 as associated faculty)

1. FREI, THERESA (since 2017, PhD student & EFI staff member): The social dimension of abandoned land in Europe (working title).
2. JOA, BETTINA (since 2016, PhD student): Local ecological knowledge related to forest management (working title).
3. PETERS, DOERTE (since 2016, Post-Doc): Traditional ecological knowledge in the Black Forest National Park (working title).
4. MAIER, CAROLIN (since 2014, PhD student): Local knowledge and street level implementation in forest conservation and management in the US and Germany (working title).
5. ARIFI, BLETA (since 2014, PhD student): Protest movements in Energy Policy in the Kosovo and Germany (working title).
6. ECKER, FRANZ (2014-2015): Smart Use of renewable energies. Psychological barriers and strategies to overcome them (working title).
7. CETTIE, SCOTT (2012-2015, not finalized): Analyzing global science and policy discourses on GMO trees (working title).
8. LEIPOLD, SINA (2012-2015, PhD student): Discursive agency in illegal logging policies in Australia, the US and Europe.
9. BORRASS, LARS (since 2010 as PhD student, post doc since 2014): The implementation of Natura 2000 in Germany and UK – comparing local policies.

6.2 Policy support activities at the European Forest Institute

I have coordinated two major policy support oriented studies funded through the European Forest Institute's Multi-Donor-Trust Fund for Policy Support by the Governments of Austria, Finland, France, Germany, Ireland, Italy, Norway, Poland, Spain and Sweden:

- 1) **Towards a sustainable European forest based bioeconomy – assessment and the way forward.** This study engages ca. 45 scholars from more than 20 universities and research institutes from 11 countries. I was the coordinator of the study, have developed the concept jointly with Lauri Hetemäki and supported by other EFI staff, have coordinated the writing process, have been writing the introduction and conclusions, and have contributed to the policy framework section
- 2) **Natura 2000 and forests – assessing the state of implementation and effectiveness.** This study has engaged ca. 20 researchers from more than 10 research institutes from 10 countries. I have supervised the study led by the University of Freiburg and have developed the concept jointly with Lauri Hetemäki.

6.3 Other knowledge dissemination/outreach activities

- 1) I have been and am involved in several policy advice activities; inter alia I have given advice to the **German Advisory Council on the Environment (SRU)**, the **German Council of Sustainable Development (RNE)**, the **German Federal Ministries of Agriculture**, the **German Federal Ministry of Environment**, and the **European Commission**. In 2015, I was invited participant at the **European Commission's Green Week** Panel Discussion "Forests for Society" (See film at <http://www.greenweek2015.eu/programme-20150603-2-3.html>). I have also been a member of several **political working groups** and the **German delegations at UN conferences** (see Section 7.2).
- 2) In 2012, I testified (on invitation) in the **German Parliament** on the National Forest Strategy (Waldstrategie 2020): Stellungnahme Dr. Georg Winkel zur oeffentlichen Anhoerung am 8.02.2012 zum Thema „Waldstrategie 2020“ des deutschen Bundestages (commentary/testimony to the public hearing: Forest Strategy 2020 of the German Parliament), 23 p.
See also **German Parliament TV** broadcast: <http://dbtg.tv/cvid/1548281>
- 3) In 2011, the publication "An Obituary for National Forest Programmes" (with M. Sotirov) was selected by the **European Commission's news alert** for a press release, and distributed via the "Science for Environmental Policy" network
<http://ec.europa.eu/environment/integration/research/newsalert/pdf/230na5.pdf>
- 4) I have given several interviews to (mostly German) **radio stations, internet portals and newspapers**, inter alia to
WDR 5 (several interviews, example see: <https://www.ardmediathek.de/radio/WDR-5-Neugier-gen%C3%BCgt-Redezeit/Resilienz-der-W%C3%A4lder-Georg-Winkel/WDR-5/Audio?bcastId=33514736&documentId=55517848>)
